NOTE—Additions to be correctly made and entered at the foot of column.

TOTAL number of days in Quarter... 91

AGGREGATE number of days pupils in residence during Quarter... 5,666

AVERAGE attendance of pupils during quarter... 62.26

AMOUNT of per capita grant due for Quarter... \$ 84,825.15

6226 x 66.25 = 4,124.73

1790 = 701.20

4,124.73 + 701.20 = 4,825.93

Ottawa, April 21, 1913.

Gentlemen,-

The Department desires to forward to the Principal of the Fort Albany Roman Catholic Boarding School, Fort Albany, James Bay, the following desks:-

|   |              |         |
|---|--------------|---------|
| 3 | double desks | No. 2.  |
| 3 | "            | " No. 3 |
| 6 | "            | " No. 4 |
| 3 | rear seats   | No. 2   |

I have to ask you to be good enough to have these desks very carefully crated and addressed as above and delivered to the warehouse of Revillon Bros. for transmission by their steamer not later than July 1st, next. It would be preferable to have them delivered some two weeks before that date, if possible. The Department recognizes that it is difficult to crate these goods to avoid breakage, but would ask you to give your best attention to this. As there is a Church of England School at this point also it is necessary that the address should be clearly given.

Your account for these goods, in duplicate, with receipts, certified by Revillon Bros., should be forwarded to the Department for payment.

Your obedient servant,

Department of Indian Affairs,

Dear Sirs:-

Goodwins Limited of this City, brought to our office in Montreal, the following quantities of double desks and seats -

3 #2 double desks  
3 #3 Double desks  
6 #4 double desks  
3 #2 double seats

These desks and seats are uncrated and unmarked. Goodwins Ltd. told us that they were for Albany. We presume that these goods are the ones mentioned in your folio 30487/4 and in our letter to you dated April 8th.

We tried to refuse delivery of these desks, as we do not wish to transport them uncrated to James Bay. Goodwins Ltd answered that they were unable to keep them any longer in their store, and absolutely refused to pack same. The goods were left on our hands under the strongest protest.

We have them stored momentarily in our office at Montreal.

We wish to ask you to kindly send instructions to Goodwins Limited, to have them taken back at once and properly packed. If these desks and seats are not crated securely by the above firm, inside of a few days, we will not transport them to James Bay, as we do not wish to see them smashed to bits on our steamer, during the trip North.

Furthermore, we beg to advise you that we will ship them to Ottawa, if Goodwins Ltd go on refusing to crate them or to take them off our hands.

We have no place for them here, their storage on the wharf uncrated being, of course, out of the question.

Very truly yours,

Sir,-

I have to acknowledge the receipt of your letter undated in which you ask for a teacher's desk and chair and 18 beds for the Fort Albany (R.C.) School.

In reply I beg to say that under the contract for the maintenance and management of this institution, as provided for in Section 10, equipment of this kind must be furnished by the church. The Department made an exception last year and sent your school some pupils' desks, but is not prepared to make any further grants for this purpose. Articles of furnishing such as this will, therefore, have to be supplied from the per capita grant.

Ottawa, August 22, 1913.

Gentlemen,-

I have to acknowledge the receipt of your accounts for school desks. The Department regrets that they are not satisfactory. I have to ask you to be good enough to re-render them and keep the desks for the two schools, Fort Albany and Bersimis, separate and mark on each of the accounts the school for which the desks were intended.

It is also noted that you have six rear seats in the account presumably for the Fort Albany School whereas only three were ordered by the Department.

It is also noted that the account for moving the desks from Revillon Bros. to your warehouse and back again, \$4.00, is charged to the Bersimis School, whereas it should be included in the Fort Albany account.

*[Handwritten signature: J. D. McLean]*  
I would also ask you to be good enough to state whether you prepaid the railway freight on the Bersimis desks, as, if so, the shipping bill should be attached to the account.

I am in receipt of a letter from Father Martel one of the missionaries in charge of the R. C. Boarding School at Fort Albany in which he states he would be much pleased if the Department would supply them with twenty-five pairs of dumb-bells and clubs.

This school is doing good work and if you are supplying schools with such paraphernalia, I would strongly recommend that his request be granted.

Ottawa, January 31st., 1917.

Sir,-

I am in receipt of your letter of the 23rd January, with which you forwarded a statement dated the 20th of the month claiming payment of balance of account to the amount of \$67.00; and in reply I beg to say that there is no information before the Department to show to what balance you refer. On the 13th of July you forwarded to the Department an account of \$67.00 containing charges for school desks etc., supplied in June. The account was returned to you and you were requested in the Department's letter of the 13th July to send the said account in duplicate to the person who ordered the furniture etc., charged for therein. You were requested in that letter to write on the face of the account the name of the school to which shipment of desks etc. was made. On the 22nd July you wrote in the following terms:-

"We beg to advise that we have forwarded the statements separately, in duplicate, to parties to whom goods were sent, asking them to O. K. and forward direct to you".

The Department is still in ignorance as to the name of the school to which the desks etc., were supplied, or to whom your account of \$67.00 was sent. It is desired that you will send the account in question, *in detail* in duplicate, to the Department with the information asked for, as above indicated. The Department will then be in a position to deal with the matter.

Your obedient servant,

*J. D. McLean*  
Asst. Deputy and Secretary.

EXTRACT from letter of the 30th November, 1916,  
received by Mr. H. N. Awsey from Rev. L. Ph. Martelle, O.M.I.,  
of Albany.

I will be very glad to receive a book of Physioial  
Culture for boys and girls. I need a book with illustrations  
of the movements made by the students with dumbbells, bottles,  
etc. I would like to receive 25 pairs of dumbbells and bottles  
but I don't know if the Government will give us any.

Ottawa, February 15th., 1917.

Sir,-

I beg to transmit herewith an account of \$18.00 from  
Twin's Limited, for which they are pressing the Department

The account is for four desks which it is claimed  
to Sister Edward for use in the Caughnawaga  
has not been found possible to trace in the Depart-  
ment order for these desks. If authority was granted for  
purchase, you may attach the account to voucher forms and certify  
thereto, provided the desks were received in good order, after  
which you should return it to the Department. The authority for  
purchase should be quoted on the face of the voucher.

Your obedient servant,

Asst. Deputy Secretary.

Sirs,-

I beg to acknowledge receipt of your letter of the 3rd February and the accounts therewith submitted, in regard to which correspondence has been had with you; and in reply I beg to say that your account of \$18.00 for four desks which were sent to Sister Edward for use at the Indian School on the Caughnawaga Reserve, has been sent to the Indian Agent, Mr. Broseau for his certificate. When it is returned to the Department, duly certified, the matter of payment will be given consideration.

Your account of \$49.00 for clocks, desks, etc., delivered to the Hudson's Bay Company for transportation to Fort Albany, James Bay, should have been certified by the Officer of the Hudson's Bay Company to whom the goods were delivered. This fact, I may say was pointed out to you in letter of the 12th May, 1916, (File No. 127,453-4), when the order for the goods was given with a view to the adjustment of this matter, it is desired that you will procure a receipt from the Hudson's Bay Company to effect that the goods charged for in your account of \$49.00 delivered to them for transportation to Fort Albany, which you should send to the Department. When it is received the matter of payment of your account will be considered.

Your obedient servant,

Memorandum

Mr. Scott:

You will remember that you caused to be placed in the Main Estimates for 1922-23 an item of \$8,000 to assist the church authorities with the rebuilding of the Albany Boarding School (R.C.) on a higher site.

This money is voted, and I respectfully ask your instructions regarding the manner in which we are to reimburse the management of the school. I am of the opinion that it might be well to make payments upon receipt of properly certified vouchers for material supplied and work performed. In this connection the Rev. Father Guy may be of some assistance.

Reverend Sir:-

I beg to inform you that the sum of \$8,000.00 has been provided in the main estimates for 1922-23 to assist the church authorities with the re-building of the Albany Boarding School on a higher site.

In this connection it will be necessary, before payment of the above mentioned amount can be made, that the principal furnish properly certified vouchers in duplicate, separately, covering the expenditure incurred in the purchase of the material and the labour required. If possible, he should obtain competitive prices for the purchase of any material used in the work.

I will be pleased if you will instruct the principal as to the requirements of the Department regarding the vouchers necessary in order to make payment of the amount provided.

Mr Duncan C. Scott,  
Dep. Supt Gen. of Indian Affairs,  
OTTAWA, Ont.

My Dear Mr Scott:-

In accordance with a recent request from the Department I am pleased to send you an account of the expenses done up to March 14th, 1922, in connection with the transfer and building of the Indian Boarding School at Fort Albany. Those expenses cover work done and material purchased together with freight on the latter.

The figures have been sent to me by the Principal of the School and as I had to prepare the account in its definite form Mr Ferrier before leaving said that my signature was sufficient to certify said account.

I have already visited Kenora School and will be kept busy upon the return of Rev. Fr Beys from a visit to some Indian Missions.

As already stated if you have to communicate to me kindly address as indicated below. I would appreciate that answer to the present letter be sent to said address.

Yours very truly,

Joseph Guy out.

Ottawa, July 6, 1922.

Dear Father Guy:-

Your letter of the 28th ultimo has been received, enclosing accounts to the amount of \$3667.49 for expenses incurred up to March 14, 1922, by the management of the Fort Albany Boarding School, in connection with the moving of the building to a new site and alterations and additions.

The total amount provided in our Estimates for the current fiscal year for this purpose is \$8,000. It is necessary, in order to satisfy the requirements of the Auditor General, and to carry out the established rule of the Department in making payments of this kind, that a certificate be received that the work of moving the building and the completion of the additions and repairs has been satisfactorily performed, before payment of the amount appropriated for the purpose can be made.

Kindly have the authorities in charge of the work forward properly itemized accounts, in duplicate, covering the expenditure incurred in the purchase of any material required and for the labour employed. Receipts should be obtained in duplicate for the amounts paid out to the individual labourers employed, and these should show the number of days each was engaged and the amount paid per day.

As soon as we are assured that the work has been satisfactorily completed and the accounts received in proper order, payment will be made up to the amount provided by Parliament for the purpose.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

Mr D. G. Scott,  
Deputy Supt Gen. of Indian Affairs,  
O T T A W A, Ont.

My Dear Mr Scott:-

As a sequel to our conversation of recent date, I take the liberty to request the reconsideration of the decision contained in your letter of July 6th, regarding the amount of \$3667.49 for expenses incurred up to March 14th, 1922, by the management of Fort Albany Indian Boarding School, in connection with the moving of the building to a new site and reconstruction of same.

Your letter states that in order to satisfy the requirements of the Auditor General and to carry out the established rule of the Department, it is necessary, in order to receive the amount provided for in the Estimates (\$8,000.00), that a certificate proving completion of the work be filed with the Department.

Kindly allow me to tell you that a grant was asked from the Department on account of our inability to meet such an expenditure and therefore we expected the amount appropriated to be paid as the work was going on. Though our men have been working steadily during the present year we do not expect the work to be completed before the Fall of 1923; consequently, the amount voted for would not be used for the purpose intended during the fiscal year (1922-23). As His Grace Bishop Hallé already impressed upon you the transfer and rebuilding of the school are works of pressing necessity.

I understand that the Department is governed by rules established upon experience and wisdom. However, do you not think that in a case like the present one an exception could be made? I leave the whole matter to your judgment and, as you are perfectly conversant with the situation of Fort Albany, so effective in its work but so far remote from civilization, I am convinced that you will follow the course most appropriate to the benefit of the school and the advantage of the Department.

Yours very truly,

Joseph Guy Ouellet

Memorandum.

Honourable Charles Stewart:-

In the Main Estimates 1922-23 for Indian Education, there was an item of \$8,000 to assist the Albany Mission (R. C.) Indian Boarding School with their expenses in moving to a new site and to help to pay the cost of certain additions and alterations. Accounts for labour, gasoline and freight amounting to \$2923.92 have been presented. May I have your authority to issue a cheque to the Provincial of the Order in Montreal.

Memorandum

Honourable Charles Stewart:-

In the Main Estimates 1922-23 for Indian Education, there was an item of \$8,000 to assist the Albany Mission (R. C.) Indian Boarding School with their expenses in moving to a new site and to help to pay the cost of certain additions and alterations. Accounts for labour, gasoline and freight amounting to \$2923.92 have been presented. May I have your authority to issue a cheque to the Provincial of the Order in Montreal.

RECONSTRUCTION:-An amount of \$8,000.00 was voted at the last Session as a bonus towards the reconstruction of this school which has become imperative. In fact, I am told that the school is a menace to the lives of the inmates with the consequence that the Staff and children have moved to other quarters (the fathers' rectory) and are carrying on the work the best they can. The work of reconstruction has begun and it was intended to complete the work in the Fall of 1923. Through some misfortune it is now foreseen that the work will not be completed at the stated time but only in the course of the following year. I take the liberty of asking that whatever part of the grant which will remain unpaid at the end of the present fiscal year stand over for the next in order that the school receive the full amount so generously given by the Department.

PERSONAL TO MR. FERRIER.

Dear Sir:-

The Reverend Principal of Albany Indian Boarding School, in a letter of December 18th just received, emphasizes the absolute need of games for the benefit of the children of the School and he sends me a list which I herewith enclose with my own recommendation. As the list is in French, will you kindly ask Mr. Fabien to translate it.

Hoping that the request of the Reverend Father will be met with favourably, I remain

Ottawa, Feb. 12, 1923.

Reverend Sir:

With reference to your letter of the 16th ultimo, in which you request certain athletic and group game equipment for the Albany Indian Boarding School, I have to inform you that there was shipped from the Stationery Office: -

- 1 Volley ball equipment.
- 4 Footballs.
- 4 extra Bladders.
- 2 Rugby balls.
- 6 Lacrosse balls.
- 4 Baseballs.
- 4 Quoits.

This school is deserving of our special attention, because of its remote situation and because of the infrequency of the principal's requests. That is why such a generous supply of this equipment has been ordered. I would be pleased if you will remember that the Department does not wish a precedent established, as it is our purpose to offer very little of this type of equipment to residential schools.

Your obedient servant,

*Russell T. Ferrier*

Reverend Sir:

*Letter handed to Fr. Guy*

I have to inform you that the Deputy Superintendent General has directed that certain of the accounts in connection with the moving and rebuilding of the Albany Mission Boarding School should be paid. It has been decided to allow the account of Bournival & Cie. for \$160.25, for machinery, and the accounts of Revillon Freres of \$88.00 and \$113.28, for freight and gasoline, respectively. A cheque in favour of the Rev. Father Jodoin, O.M.I., 213 Visitation St., Montreal, is enclosed.

Authority has also been secured, and funds will be available, for the payment of the account for labour. When the receipts in this connection have been received by the Department, a second cheque will be directed to you.

Your obedient servant,

J. D. McLean,  
Asst. Deputy & Secretary.

## Chaudières à Vapeur Horizontales Tubulaires

A grands devants, de 25 à 120 forces, pour moulins à scie, fabriques à travailler le bois, usines électriques, aqueducs, etc., etc.

Nous tenons constamment un assortiment de ces chaudières à vapeur afin de répondre promptement aux commandes de nos nombreux clients. Nous sommes également en position de fournir n'importe quel genre de chaudières à vapeur stationnaires, sur demandes et spécifications spéciales. Toutes nos chaudières sont fabriquées avec un dôme, mais nous les fournissons également sur demande avec tuyau d'assèchement. Il en est de même pour la grosseur des tubes qui peuvent varier depuis deux pouces jusqu'à quatre pouces.

## Full Arch Front, Horizontal Tubular Boilers

From 25 to 120 H.P., for Saw Mills, Woodworking Factories, Electric and Waterworks, etc., etc.

We always keep in stock several of these boilers to answer promptly to the orders of our numerous customers. We are also in a position to supply any kind of stationary boilers upon the receipt of specifications. We used to make all our boilers with a steam drum, but we can supply them with a dry pipe when called for. We can also supply any size of tubes from 2 inches up to 4 inches in diameter.

## CONDITIONS GOVERNING QUOTATIONS

All quotations must necessarily be subject to certain trade conditions, and misunderstandings occasionally arise because these conditions are not always brought to the buyer's attention at the time his order is placed. As a frank understanding with our customers is in our mutual interest, we desire to remind them of the following conditions governing all quotations made by this Company:

### PRICES

Prices quoted have been determined in accordance with present market values and consequently cannot be guaranteed for any length of time. We shall strive, however, to protect these prices, provided that the order is placed within a reasonable period.

### GOODS OF FOREIGN MANUFACTURE

It is the policy of this Company to handle, in so far as possible, goods of Canadian manufacture, and many of the articles sold by us are produced in Canada either in our own factories or elsewhere. It is necessary, however, to import certain lines from Great Britain and the United States. Quotations on such articles of foreign manufacture are based on current rates of exchange and customs duty and are subject to revision, up or down, in accordance with any fluctuations in these rates which may have taken place by the time the goods are shipped by the Company.

### WARRANTY

The goods herein quoted are warranted to be made of good material and in a workmanlike manner, and if any article or part of such article should show defective material or workmanship within one year from date of shipment, the Company agrees to replace such defective part free of charge f.o.b. original shipping point, upon receipt of direct evidence of the defect claimed. No liability, however, is assumed, nor is the Company responsible for damages or delays caused by such defective material or workmanship, nor will any allowance for repairs or alterations be made unless effected with the written consent of the Company. Goods or materials not manufactured by this Company are not warranted except in so far as and to the extent that the same are warranted to this Company by the manufacturers.

### SHIPMENT

The shipping date named hereon is approximate only and the Company assumes no liability for non-shipment, delay in shipment or transportation.

## CONDITIONS GOVERNING QUOTATIONS

All quotations must necessarily be subject to certain trade conditions, and misunderstandings occasionally arise because these conditions are not always brought to the buyer's attention at the time his order is placed. As a frank understanding with our customers is in our mutual interest, we desire to remind them of the following conditions governing all quotations made by this Company:

### PRICES

Prices quoted have been determined in accordance with present market values and consequently cannot be guaranteed for any length of time. We shall strive, however, to protect these prices, provided that the order is placed within a reasonable period.

### TERMS

Net 30 days.

### GOODS OF FOREIGN MANUFACTURE

It is the policy of this Company to handle, in so far as possible, goods of Canadian manufacture, and many of the articles sold by us are produced in Canada either in our own factories or elsewhere. It is necessary, however, to import certain lines from Great Britain and the United States. Quotations on such articles of foreign manufacture are based on current rates of exchange and customs duty and are subject to revision, up or down, in accordance with any fluctuations in these rates which may have taken place by the time the goods are shipped by the Company.

### WARRANTY

The goods herein quoted are warranted to be made of good material and in a workmanlike manner, and if any article or part of such article should show defective material or workmanship within one year from date of shipment, the Company agrees to replace such defective part free of charge f.o.b. original shipping point, upon receipt of direct evidence of the defect claimed. No liability, however, is assumed, nor is the Company responsible for damages or delays caused by such defective material or workmanship, nor will any allowance for repairs or alterations be made unless effected with the written consent of the Company. Goods or materials not manufactured by this Company are not warranted except in so far as and to the extent that the same are warranted to this Company by the manufacturers.

### SHIPMENT

The shipping date named hereon is approximate only and the Company assumes no liability for non-shipment, delay in shipment or transportation.

Mr Duncan C. Scott,  
Deputy Superintendent General,  
Department of Indian Affairs,  
O T T A W A,

Dear Mr Scott:-

Please find enclosed tenders from 3 firms for a complete sawmill installation for Albany Indian Boarding School.

As you are aware a sum of \$8,000.00 has been voted at the last Session of Parliament for the transfer and rebuilding of the above school on a better site. It is a of prime necessity for the preparation of lumber in view of the construction of the school that a sawmill outfit be sent on the grounds. After the construction of the school it will be kept in use for its benefit.

We had thought at first that a crude-oil engine would be more advantageous but the freighting of oil would entail too much expense. A steam engine is suggested by reason of greater economy and also of greater utility as it could be used later for laundry, heating and other purposes. A boiler of 40 H.P. was needed but the freighting Company (Revillon Frères Trading Co.) has refused to accept such a heavy weight and we have been obliged to consider the purchase of two 20 H.P. Most of the tenders quote on the machines of "La Compagnie Manufacturière F.X. Bertrand" of St Hyacinthe which are of very high standard. Those machines are very well known to Rev. Fr Jodoin O.M.I., who has been active in asking for tenders to cover exactly what is needed at the school.

I take the liberty of stating that Rev. Fr Jodoin strongly recommends Fairbanks-Morse's tender above all others. Kindly note that this firm allows 8% discount whilst the others allow only 7%.

As the material must be shipped without delay I would kindly request you to give your immediate attention to this matter and advise me of any decision reached by the Department.

Yours very truly,

*Joseph Guy on J. ✓*

Attention of:- Mr. F. H. Paget,  
Accountant and Purchasing Agent.

I beg to acknowledge receipt of your letter of 23rd instant, also some quotations, wherein you recommend that a complete saw mill be purchased from F. X. Bertrand Manufacturing Company, St. Hyacinthe, Que.; purchase amounting to \$3,904.00.

It would appear that this matter had been under consideration by your Department for about a month. If it had been submitted to this Commission in the first place, a complete list of names could have been supplied from whom to call tenders. The largest manufacturers of complete saw mills have not been asked to quote on this requisition.

It is further noted that this material must be shipped without further delay; this leaves us no other alternative but to authorize purchase as recommended by you.

On taking this matter up with the Messrs. F. X. Bertrand Company we have been able to have their quotation reduced \$394.10, which now makes the total cost \$3,509.90.

Ottawa, March 29th, 1923.

Gentlemen:

I beg to refer you to your quotation of February 28th, last, to the Rev. Peres Oblats, Montreal, for the supplying of the saw mill equipment required for the use of the Albany Mission Indian Boarding School, and to inform you that the Purchasing Commission of Canada have approved of the purchase of this equipment from you.

I have, therefore, to request that you will arrange to ship the engine, boilers and other equipment mentioned in the enclosed list, which is a copy of your quotation of the above date.

This equipment should be strongly crated, or securely packed for shipment to the northern point where it is required. If possible, shipment should be made by the 10th of April. All these supplies should be shipped addressed to Revillon Freres, Pagwa, Ont., to be delivered by them from that point by scows to Albany Mission.

The price should not exceed your quotation, less discounts, as per your telegram of March 23rd to the Purchasing Commission, or a total amount of \$3509.90 F.O.B. St. Hyacinthe.

I shall be pleased if you will prepay freight charges to Pagwa, Ont., and you should forward your account, in duplicate, covering the cost of the equipment, with receipts for freight charges prepaid, to Rev. Father Jodoin, O.M.I., 213 Visitation St., Montreal, who is being informed of the order having been placed with you, and who will certify the same and forward to the Department for payment.

The engine, boilers and other equipment should be the same in all respects as that mentioned in the enclosed list.

I shall be pleased to have an acknowledgment of this order, and the date when shipment will be made. I may add that it is necessary, in requesting that shipment be made by the 10th of April, that these supplies arrive at Pagwa in time to go forward by Revillon Freres' scows. It might be well for you to communicate with Revillon Freres, Montreal, 134 McGill St., and inform them when shipment will be made.

Yours truly,

Gentlemen: -

I beg to inform you that we are placing an order with Messrs. F. X. Bertrand Company, St. Hyacinthe, Que., to ship addressed to you, Pugwa, Ont., an engine, two boilers and other saw mill equipment to be delivered at Albany for the use of the Indian Boarding School conducted at that point under the auspices of the Rev. Peres Oblats. This firm have been requested to crate or securely pack all the equipment and to ship from St. Hyacinthe by the 10th of April, next. They have also been requested to prepay freight charges to Pugwa.

The Rev. Peres Oblats have, we understand, consulted you regarding the transportation of this equipment from Pugwa to Albany, and we shall be pleased if you will arrange for its transportation.

Accounts, in duplicate, should be forwarded covering freight charges from Pugwa to Albany, when payment will be made.

We have requested the above named firm to communicate with you regarding this shipment.

Your obedient servant,

J. D. McLEAN

Ottawa, March 31st, 1923.

Rev. Sir: -

I have been directed to acknowledge the receipt of your letter of the 13th instant, regarding the saw mill equipment required for the use of the Albany Indian Boarding School.

In reply I beg to inform you that an order is today being placed with the F. X. Bertrand Company, St. Hyacinthe, Que., to ship, freight charges prepaid, to Revillon Freres, Pugwa, Ont., the equipment as mentioned in the tender furnished the Rev. Peres Oblats, Montreal. The price of this equipment F.O.B. St. Hyacinthe, less discounts, is \$3509.90. We have also written the Revillon Freres and informed them of this shipment, and requested them to take charge of its transportation from Pugwa to Albany, and that this Department will be responsible for the freight charges.

I may say that we have also informed Rev. Father Jodoin, Montreal, of the order having been placed with the above firm, and have requested him to certify to the accounts which this firm have been asked to send to him.

Shipment of these supplies are to be made by the 10th of April, next, in order that they will arrive at Pugwa in time to go forward by Revillon Freres' scows leaving there about the end of April.

Your obedient servant,

*J.D. McLean*

Rev. Sir:

Replying to your telegram of today's date, I beg to inform you that we are placing an order with the F. X. Bertrand Company, St. Hyacinthe, to ship to Revillon Freres, Pugwa, Ont., saw mill equipment, including engine, 2 boilers and the other supplies required for the use of the Albany Indian Boarding School.

We have requested this firm to make shipment before the 10th of April, next, and we have also requested them to forward their account, in duplicate, to you, and, when shipment has been made, I shall be pleased if you will certify the account, stating thereon that the goods have been received, and that the prices charged are fair and just and according to agreement. The price quoted for this equipment, less discounts allowed, is \$3509.90. You should then forward the account to this Department in order that payment can be made.

We hope that these supplies will be satisfactory, and will arrive at Albany in good condition.

We have also informed Revillon Freres regarding this shipment, and requested them to take charge of the delivery of the same from Pugwa to Albany.

If you desire, you may communicate with both the F. X. Bertrand Company and Revillon Freres, in order that there will be no error or delay in making shipment.

Your obedient servant,

J. D. McLEAN

Dear Sir:

Your favour of the 31st ult. duly to hand and we note the instructions you have given to the F. X. Bertrand Company. It is our intention to write this Company immediately, urging the necessity of immediate shipment. In discussing this matter with the Peres Oblats we have pointed out the risk of shipping at so late a date. If this machinery arrives at Pagwa after the departure of our scows, not only can we not take it down to Albany, but there will be nobody at Pagwa to unload such heavy packages, hence there will be serious demurrage charges, or arrangements must be made to have the machinery carried back and stored for a year.

Yours very truly,

REVILLON FRERES TRADING CO. LIMITED.

Gentlemen,

Your esteemed letter of the 5th, inst. duly received. We beg to enclose our itemized invoice for the amount of \$3509.90 and \$97.94 as requested, for which we would be pleased to have your cheque by the return of mail.

As to the account of \$412.25 for repair parts we have handle the same to father Jodoin O.M.I. who told to us that it should be paid by your department because these parts are of the most important in case of accident or breakage in the use of machines called by above mentionned order.

We would appreciate the receipt of this amount also, if agreeable.

Yours truly,

LA CIE MANUFACTURIERE F.X. BERTRAND,

Memorandum

Mr. Scott--

*These purchases were not made in accordance with the regulations which call for competitive prices being obtained, which are well known, furthermore the name of this Firm is not on the list recently received, of names of firms who are to be given an opportunity to quote prices.*

I do not think the Purchasing Commission will pass this account.

Memorandum:

Mr. Paget.

Rev. Father Guy left the attached account this morning. These supplies are required for the workmen who are going to Albany to erect the new boarding school there, and I think may be properly paid by the Department if the method of purchase is in order.

Dear Sirs:-

I enclose cheque for \$190.11 in payment of your invoice No. 1036 for supplies purchased by the Rev. Father Guy for this Department. The Sales Tax charges of \$2.97 and \$1.93 have been disallowed, as these supplies were purchased for the Government on which there is no Sales Tax.

Your account for express charges of \$15.21 is included.

Yours truly,

The Woods Mfg., Co.

J. D. McLean, Esq.,  
Asst. Deputy and Secretary,  
Department of Indian Affairs,  
Ottawa, Ont.

Dear Sir:

Referring to your file No. 44-2-5 of March 31st last, we now beg to enclose invoice in duplicate for \$92.00, covering railway engine service charges and unloading charges for the two cars containing boilers and other sawmill equipment shipped by the F. X. Bertrand Company of St. Hyacinthe, Que. The first two items of \$30.00 each are the exact amounts we were called upon to pay to the Railway Company for engine service.

These goods were to have been shipped by our scows to the Roman Catholic Mission at Albany, but doubtless you will have heard through the Rev. Pere Jodoin of the Peres Oblats that owing to the exceptionally low stage of water in the Pagwachouan River this Spring it was impossible to transport the supplies this year. Indeed, we were not able to transport anything like 50% of our own Posts' trading supplies by that route and were obliged to ship a large proportion of our goods back to eastern Canada and send them around to the James Bay by boat. It was impossible, owing to the weight and nature of the sawmill equipment, etc., for us to handle this freight on our boats, and consequently the goods will not be sent down until the Spring of 1924.

Yours very truly,

REVILLON FRERES TRADING CO. LIMITED.

Reverend Sir:

I have to inform you that Mr. Aurey of this Department has requested, on your behalf, that the Department supply 25 beds for the use of the Albany R. C. Indian Residential School.

I wish to assure you that the Department is most anxious to assist Indian residential schools to the limit of our appropriation; but there are so many pressing claims upon the funds at our disposal, that your request cannot be given favourable consideration.

Your obedient servant,

A. F. MacKenzie,  
Acting Asst. Deputy & Secretary.

Dear Sir:-

Rev. Father L. Carrière O.M.I., Principal of Albany Mission Indian Boarding School has requested me to place before the Department a very important need for his institution.

Until now only wooden beds and straw mattresses have been used at the School and the Reverend Principal states that the situation has become almost unbearable from an hygienic standpoint. He therefore asks for 30 iron beds complete and I presently transmit his request. If the Department is agreeable to such a demand they should be shipped as soon as possible to the following address:

Rev. Fr L. Carrière O.M.I.  
Albany Mission,

c/o Révillon Frères Trading Co.,  
134 McGill Street,  
MONTREAL, P.Q.

The shippers could make arrangements as to the kind of packing necessary with the Revillon Company.

Hoping that such a reasonable request for such a needy mission will be granted, I remain

Yours very truly,

*Joseph G. G. G.*

Reverend Sir:

I have your letter of the 6th instant, in which you request that 20 beds and mattresses be supplied to the Albany Mission Indian Residential School. In reply I am pleased to state that the Department will arrange for the purchase of this equipment and will have the goods delivered to the Rev. Principal, in care of Revillon Freres Trading Company, 134 McGill St., Montreal. The Department considers that the school authorities should be responsible for the freight from that point. Please advise me without delay if this arrangement is satisfactory and, if so, the Department will purchase immediately.

*Myself*  
Sir,

Cheque No. 721 issued on May 11th, 1923 and charged against your vote for Indian Education is for the payment of \$190.11 to Woods Manufacturing Company, Limited, for 4 tents, 6 folding camp cots, and 12 pairs blankets, purchased on April 27th, by Rev. Father Guy of the University of Ottawa, and shipped to Rev. P. V. Jodoin, Pagwa, Ont. According to a notation on the account, these supplies were for the Albany Mission Roman Catholic Boarding School.

*Interview with Mr. J.*

I should like to be advised as to whether this purchase was authorised by you before being made. How far are the authorities under whose auspices the Indian schools are conducted authorised to incur liabilities on behalf of your department? In every case of this nature the departmental authority should be quoted.

*was paid on 24th June 1924*  
*before we could get P. V. Jodoin's receipt*

There is no certificate on the voucher as to the receipt of the goods or the fairness of the prices, as called for by Section 45 of the Audit Act, the only evidence of its having been examined in your department being the initials of your accountant. A definite certificate as to price and receipt of goods should be given, and as this payment is charged against your Education vote, the voucher should bear evidence of having been examined in your school branch.

I am, Sir,

Your obedient servant,

Dr. Scott, -

(Extracts from report of Mr. E. N. Awrey)

At Albany, I had an interview with Father Carriere regarding the building of the new boarding school on the Yellow River, about one mile from the junction of the Albany and Yellow Rivers - five miles distant from the present site. No building has yet been done but a small clearing has been made and about sixteen hundred logs taken out. Father Carriere informed me that it was not their intention at present to build. The machinery which the Department shipped to them has not yet reached Albany, but is lying at Pagwa River Crossing pending transportation as soon as there is suitable water for navigation.

UNIVERSITY OF OTTAWA

OTTAWA, January 10th, 1925.

PERSONAL

Mr Duncan C. Scott,  
Deputy Supt General,  
Department of Indian Affairs,  
OTTAWA, Ont.

R

Dear Mr Scott:-

For the last few months I have received from His Lordship Bishop Hallé, Rev. Father Villeneuve, Provincial of the Oblate Missionaries, and Rev. Father Carrière O.M.I., Principal of Albany Mission Indian Residential School, what I consider distressing appeals on account of the financial condition of the School and Hospital of Albany Mission, in James Bay.

Following an interview with you in this matter and acting upon your advice, I take the liberty of presenting the case before you, for your personal information and in view of obtaining a substantial help if such is available.

In the course of last month I examined the books of the Provincial Administration of the Oblate Fathers, acting as agents for His Lordship Bishop Hallé, and noticed that in 1922 they show a deficit of \$2436.30, in 1923 another one of \$3087.25 and from January 1st 1924, to October 1st, 1924, an amount of \$2454.32, making a total of \$7977.87, from January 1st, 1922 to October 1st, 1924. These deficits exist in spite of the Government grants and even though His Lordship and the Oblate Missionaries have literally begged from different quarters and gave to the institution \$5391.80 (viz: \$1934.00 in 1922, \$1650.80 in 1923, \$1807.00 to October 1924). Of course those last amounts do not include salaries of the Rev. Fathers and Brothers, as they did not receive any. I may even say that the Rev. Fathers and Brothers have gone so far as to work as laborers for the Trading Companies, cutting hay for their cattle. The salaries thus earned were simply deducted from the expenses necessitated by the transportation of merchandises for the School.

Some years ago, two of our devoted brothers were drowned and one of our fathers was taken out of the water in an exhausted condition (he has never recovered since) upon arriving from a fishing expedition undertaken for the sole purpose of securing food for the children and staff.

Two years ago, all the merchandises destined to the School were sent to Pagwa, Ont., from Montreal, but lack of water obliged us to ship same back to New Liverpool Town, N.S. by train, thence to Albany by boat, involving an outlay of \$1926.32, as vouchers attached readily show.

Three years ago, I obtained from the Department that a sum of \$8,000.00 be included in the Esti-

mates, as a contribution for the reconstruction of the School. Of that amount, over \$4,000.00 have already been paid for machineries and incidentals. Sad to say, the machineries are still at Pagwa, as lack of water in 1923 and 1924, prevented the Revillon Frères Trading Company from floating down the river, the scows containing them. By the way, I may presently say that special arrangements are being made by the Revillon Frères Trading Company to assure the delivery of the machineries next Spring.

*Since paid*

There are on file at the Department, accounts for salaries (with duly signed receipts) to the amount of \$2722.00, which are still unpaid. Those salaries cover the cutting of logs, clearing and preparing of land, in view of the construction of a new School building, at a short distance from the present location. The initial expenses and difficulties discouraged the efforts of our men and halted the plans of our Superiors. So the latter inquired into the possibility of making substantial repairs to the present building in order to prolong its duration for a few years. An expert engineer and practical builder was sent from Montreal to Albany, and through his skill and the labour of his two men and our own employees, the existence of the present building has been assured for a few years, pending the intended reconstruction. That work, consisting mainly in the replacing and strengthening of the foundations, renewal of floors and draining of surroundings, was carried on at an expense of over \$1,700.00 (including transportation charges) for which, we did not ask a single penny from the Department.

*Since paid*

Moreover, a receipted account from the Bertrand Company of St Hyacinthe, for \$412.25, in payment of exchange pieces and extra parts, in connection with the machineries already paid by the Department, but unfortunately left over at Pagwa, has been refused to be paid by the Department, on the ground that the machineries themselves had not reached Albany Mission. Yet, we have paid for this account, as can be seen on the file at the Department.

Finally, His lordship Bishop Hallé, considering the immense difficulties under which the members of the staff were laboring and the dangers to which they were exposed during their fishing expeditions, decided in spite of his poverty, to buy a boat with gasoline engine. To his dismay, he was finally obliged to pay the sum of \$4,400.00 to cover the expenses of purchase and freighting of the boat.

Those are a few of the items explaining the reasons of the heavy deficit which is burdening the School of Albany Mission and discouraging the Right Reverend Bishop and his auxiliaries. Just yesterday, I was receiving a letter from Rev. Father Carrière O.M.I., Principal of the School, making known his anxiety. He simply said that bankruptcy is staring at him in the face if the Government does not come to the rescue.

In view of such a situation, I therefore ask, in the name of His Lordship Bishop Hallé, of the Provincial Administration of the Oblate Missionaries and the devoted Fathers, Brothers and Sisters in charge at Albany Mission, that certain accounts above referred to be paid by the Department, in order to allay the financial situation and encourage the staff to continue the carrying

on of their present philanthropic and educational work.

I therefore beg to suggest the payment of the following accounts:

10-Enclosed vouchers for extra transportation of merchandise in 1923, viz: \$1493.87 and \$432.45.

20-Accounts for salaries as per statements and receipts on file for the sum of \$2722.00. I beg to say that payment of those salaries had been authorized by the Superintendent General approving a Memorandum signed by you and asking authority for the payment of \$2923.92 for such salaries and other items. I would add that I understand that the cleared land is being used for cultivating purposes for the benefit of the school and hospital.

30-Account for \$412.25 from Bertrand & Cie, for exchange pieces and extra parts. This receipted account is on file at the Departement.

40-Accounts for \$586.99 and \$14.00 from Bournival & Co herewith annexed, for machineries to be used in the shop for repair purposes and piping for the same purposes.

Payment of the above could, in my opinion, be justified, and would prove a boon to the School and practically save it from bankruptcy. You will note that no financial help is requested for the payment of the boat (\$4,400.00) nor for the heavy expenses incurred in the making of substantial repairs to the present school building (over \$1,700.00) which shows the earnestness of our efforts to cooperate not only morally with the Department, but also financially.

Now, Dear Mr Scott, I leave this whole matter in your hands. You are aware of the extreme difficulties encountered in our Missions of Hudson Bay. Our aim at the Albany Mission School is to civilize the Indians and I can say that our influence is far reaching and therefore is a great factor in the success of the work carried on by your Departement.

Hoping that you will give my request a favourable consideration, I remain

Yours very truly,

*Joseph Guyon*

Memorandum:

Honourable Charles Stewart.

There has been brought to my attention the serious financial condition of the R. C. Indian Residential School at Albany Mission, James Bay. Transportation costs for this school are very heavy and low water in the Albany river has of late meant some extraordinary charges in this connection.

33,688 pounds of freight were shipped from Montreal to Pagwa (west of Hearst) in 1923. The low water in the Albany river held up this huge shipment, which contained their year's supplies, and it was necessary to return 18,884 pounds of food and clothing from Pagwa and ship it by steamer to the Hudsons Bay from Liverpool, N. S. 5158 pounds of machinery, which was not particularly urgent, remained at Pagwa and in the fall 9646 pounds of gas and oil, which was fairly urgent, was sent on by scows.

There is on file a receipted account for transportation from Revillon Freres for \$1936.32. \$1093.39 was the extra cost of returning the goods from Pagwa and shipping them via Liverpool, N. S. I wish to recommend that the Department refund to the school authorities this last amount. This payment would give them some relief in connection with their financial difficulties.

| Feb. 27 | To Extraordinary Freight Charges in connection with shipping annual supplies to the Albany Mission Indian Residential School . . . . . | \$ 1093.39 |

## NOTE:

Transportation costs for this school are very heavy and low water in the Albany river has of late meant some extraordinary charges. 33,688 lbs. of freight were shipped from Montreal to Pagwa (west of Hearst) in 1923. The low water in the Albany river held up this huge shipment, which contained their year's supplies, and it was necessary to return 18,884 lbs. of food and clothing from Pagwa and ship it by steamer to the Hudsons Bay from Liverpool, N. S. 5158 lbs. of machinery, which was not particularly urgent, remained at Pagwa and in the fall 9646 lbs. of gas and oil, which was fairly urgent, was sent on by scows. \$1,093.39 was the extra cost of returning the urgent supplies from Pagwa and shipping them via Liverpool, N. S. The approval of the Honourable the Superintendent General has been secured.

Dear Father Guy:

- WITH CHEQUE -

With reference to your letter of January 10th, concerning the financial condition of the Albany Mission Indian Residential School, I wish to inform you that I have given very thoughtful consideration to relieving the management of a portion of its burden. The extraordinary freight charges, amounting to \$1093.39, are being assumed by the Department, and I am allowing \$2722 for labour in connection with the new building. In addition, the F. X. Bertrand account for machinery parts, amounting to \$412.25, is being paid.

There is enclosed a cheque for \$4227.64, which reimburses the school management for these expenditures. The other items mentioned in your letter were more or less regular current costs and should be charged to the per capita grant. I trust that with this help the school will be able to finance satisfactorily for some time.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

Dear Mr Scott:-

*Noted*  
*MS*  
I am directed by His Lordship Bishop J. Hallé and Rev. Fr V. Jodoin O.M.I. to thank you most heartfully for the kind and most effective consideration given to the request I made on their behalf in favor of the Indian Residential School of Albany Mission, James Bay.

I have assured His Lordship and the Reverend Father that you took at heart to help the poor school and did all that could possibly be done for its benefit. The result of your generous efforts are highly appreciated and will save the school from what seemed to be unavoidable bankruptcy.

It is therefore a great pleasure for me to convey the thanks of the Episcopal and Provincial Administrations to yourself and to the Superintendent of Indian Education who has given you valuable assistance in dealing with this matter.

Yours very truly,

Dear Sir:

We beg to enclose you herewith, in triplicate  
the under-mentioned invoices:-

Invoice 1125 - \$6,360.00 - This invoice  
covers freight charges from Pagwa to Albany and Port George  
of two saw mill outfits and one saw-mill outfit respectively.  
These are the machinery supplies about which you wrote to us  
under date of March 31st, 1923, as per your folio 44-2-5,  
requesting us to furnish invoice in duplicate for the freight  
charges. We regret that it has taken so long to get these  
goods away from Pagwa, but, as you know, water conditions in  
the springs of 1923 and 1924 were entirely against us, but  
this year we were just fortunate enough to get everything away  
from Pagwa before there was a decided drop in the water level.

Gentlemen:

Referring to that portion of your letter of the 14th instant, relative to the account which you submitted to the amount of \$6,360 for freight charges from Pagwa to Albany and Attawapiskat and to Fort George on sawmill equipment for the use of the Catholic schools and missions at these points, I beg to say that this Department, in official letter to you dated March 31st, 1923, agreed to pay the freight charges only from Pagwa to Albany on the equipment for 1 sawmill ordered from Messrs. F. X. Bertrand Co., St. Hyacinthe, and shipped by that firm to Pagwa in April, 1923, in car No. 146122 C.P., for Albany Mission. I have, therefore, to request that you will forward your account, in duplicate, covering the cost of the freight charges from Pagwa to Albany on the one sawmill equipment. When this account is received, consideration will be given to its payment.

Regarding the freight charges on the two other sawmills which were sent to Attawapiskat and Fort George, I beg to say that it is presumed that these were ordered by the Catholic Church authorities, and you should look to them for payment of the freight charges.

The account which you forwarded to the amount of \$6,360 is returned herewith.

Your obedient servant,

J. D. McLEAN

Nos. 29 35 & 6 See your folio 44-2-5 of March 31/23

An engine, 2 boilers and a complete sawmill equipment were ordered by the Department from the F. X. Bertrand Mfg. Co., St. Hyacinthe, in February, 1923, for the Albany Mission Residential School. This was forwarded to Pagwa, Ont., to be transported by Revillon Freres by scows. Owing to low water during the springs of 1923-24 it was not possible to have this machinery sent forward until the spring of 1925. The Department agreed at the time this equipment was forwarded to Pagwa to pay for its transportation from that point to Albany where it has now been safely delivered. Revillon Freres have completed the freighting satisfactorily and are entitled to payment therefor of the above amount.

Dear Sir:

We duly received yours of the 30th ult., file No. 44-2-5 in connection with freight charges on sawmill equipment taken down for your account and delivered to the R. C. Mission at Albany. We have gone very thoroughly into this matter and now find that our invoice No. 1125 which read, "Freight on two sawmill outfits, one each for Albany and Attawapiskat R.C. Missions" was in error and that the whole of that outfit, with the exception of two or three hundred pounds of machinery, constituted the machinery and other necessary equipment for one sawmill delivered at Albany. There were two boilers with this sawmill outfit, one engine and all necessary bricks, etc. for lining the boiler house, etc. The enquiries we have made show that the gross weight of this outfit was between 42,000 and 48,000 lbs. and the loading of our scows indicate that it was closer to the latter weight than to the former. However, we have revised our charge to read, "Freight on 42,000 lbs." and enclose herewith our invoice #1162 for \$2940. which we trust you will find correct and will be able to pass for early payment. We have cancelled our original charge for \$6360.00.

In connection with the charge for the sawmill outfit taken to Fort George, we regret having embodied this in our previous invoice, but are pleased to advise you that the R. C. Mission, through the Rev. Peres Oblats in Montreal have arranged to pay us for this outfit, which was less than half the size of the outfit sent to Albany.

Yours very truly,

DEPARTMENT OF INDIAN AFFAIRS  
CANADA

Ottawa, June 9, 1925.

Memorandum:

Dr. Scott.

Two years ago, the Department ordered sawmill equipment for the use of the Albany Mission Indian Residential School. This was very heavy and, due to low water, was not sent out from Pagwa by Revillon Freres until this spring. Their account for freight is now to hand and amounts to \$2940. There are no funds specially provided for this purpose; but I wish to recommend that the account be paid, and that an item be placed in the Supplementary Estimates.

Sir:

I am submitting, herewith, my report on the annuity payments throughout Treaty Nine, James Bay District, for 1927.

I visited the site of the new Roman Catholic Boarding school. It is about three or four miles up the Albany river from the present school and the site seems to be a good one. The foundation is dug out and at present they are busy putting in a saw mill. It will be some time before this school will be completed.

The Brothers have been busy on the work of erecting the new school building, which is farther up the Albany river than the location of the present quarters. All lumber has to be sawn by hand and the lime, etc., required for the foundation has to be burned locally. They expect to have this building ready in the summer of 1930, and, when completed, it will provide accommodation for 70 pupils.

MEMO FOR FILE:

Father Guy and Father Saindon visited the Department today and announced the destruction, by fire, in July of this year, of practically all the materials on the new site of the Albany Indian Residential School. The only equipment which has been supplied by the Department which was saved was the motor. Counting some labour for the excavation, foundation (unsuccessful) a sawmill and the whole of the stone and gravel, the total loss has been approximately \$13,000. This does not include the freight on the machinery. The total loss was in the neighbourhood of \$20,000, counting the freight costs.

Father Saindon plans to rebuild in 1930 and 1931. At present, there are 10 Brothers getting out logs. The Oblate Fathers were able to purchase a second hand sawmill at a price as yet undetermined; but they require about \$2,700 more for machinery and repairs. In addition, there will be required cement costing in the neighbourhood of \$1,200; building paper, hardware and finishing material, \$5,000; painting inside and outside, etc., \$1,000; and finishing, \$2,000. They plan to have seven extra Brothers go in next summer to assist with the reconstruction.

The Oblate Fathers are asking the Department for a grant for next year and one for 1931, to assist them in the reconstruction of this school. \$10,000 to \$12,000 is the figure mentioned as being necessary before they can complete the work.

22 - 25,000 by end of '31.  
+ heating to water next '32.

RECORDS

Dear Doctor:-

I regret to advise you that on July 10th, 1929, a fire destroyed our sawmill and accessories together with a large quantity of lumber and other material all intended for the construction of a new residential school at Fort Albany, James Bay.

The loss is estimated at \$20,000.00. The motor supplied by the Department can be utilized after repairs are made.

In the face of such a heavy loss I take the liberty of appealing to your kind sympathy and asking for help in the reconstruction work we are undertaking.

The estimated cost of the new building is at least \$25,000.00 not including the labor of ten to fifteen of our lay brothers. Heavy charges for freighting are responsible for high prices on materials.

I have already bought parts of sawmill at the Revillon Freres Trading Company, Moose Factory at an undetermined price.

For your information I am sending under separate cover photos of the destroyed sawmill and plans of the proposed building which will accommodate 70 children.

The Oblate Missionaries are willing to proceed with reconstruction and assume the necessary responsibilities and believe that they can complete and furnish the building, if the Department would give a substantial grant.

Would it be asking too much to request from the Department a grant of \$5000.00 in 1930 and \$10,000.00 in 1931?

I leave the whole matter to your kind attention and rely upon your interest in our work and appreciation of same to give this request the fullest consideration.

Yours respectfully

Dear Father Saindon:

I have your letter of the 27th instant, with reference to the loss by fire of the sawmill and other equipment at the Albany Indian Residential School. It is very regrettable that the new school buildings have received this serious setback. Your request, that grants be provided to assist you with the reconstruction during the next two years, will be given consideration when our Estimates are being prepared.

Yours very truly.

to be added.

If you consider it necessary to provide the school with the above mentioned equipments a larger grant would be required.

As it was agreed with in November last, a grant of \$5000.00 was to be voted in 1930, and \$10,000.00 in 1931. In the case that you favor the proposition of adding those improvements, the total grant for 1931 should be carried to \$20,000.00.

I am confident that with that amount we shall be able to carry on the work and complete the school to the satisfaction of the Department.

I hope that our endeavours shall meet with successful issue this time.

Thanking you for your kind sympathy and help, I remain,

Dear Sir:

The Chief Architect of the Dept. of Indian Aff. after the examination of our Albany New-Residential School plans, show me plans of an Indian school built at Mc Intosh, Ontario, which school gives accommodation to fifty children and answers to all the requirements of the Dept...

As I already told you, I chose to go by the plans given and explained to me by Mr. Orr.

Consulted on the heating system, the gentleman advised me that the school should be provided with a low steam pressure equipment.

He also advised to pump the water in the building by means of a compressed air steel tank.

The estimate for the heating and water accommodation, altogether with the freight of material for same, amounts approximatively to five thousands.

I forgot to ask Mr. Orr about the electric light equipment. Electricity would be very much appreciated in a building of the kind; it would prevent the risks of fire and many other inconveniences.

The 'Lister light' system with its motor burning crude oil is less costly and less expensive to operate, and gives general satisfaction. After information, I am told that this light outfit costs \$4500.00.

Before the votation of the annual budget, I have thought it more convenient to submit to your consideration if such improvements are

Albany Residential School, James  
The 21st of May, 1930

Mr. The Secretary  
Department of Indian Affairs  
Booth Building, Ottawa.

Dear Sir;

I am glad to give to the Department a statement of the organisation made for the building of the new residential school at Albany.

First, a 40 H.P. boiler has been bought from Plant's Machinery, London Ontario, to replace the Boilers ruined by the fire last summer. All the accessories required to renew the motor, carriage etc..... have also been bought.

A new shingle mill has also been purchased to answer the purpose of making home all the roofing for the new houses at Albany. Three hundred bags of cement have been shipped to make good foundation for the new school.

Thirty four thousand feet of Insul Board have been shipped on the scows for a lining outside, inside and ceiling of the building.

Experts in building houses deem that such material is required in construction to make a house warm, hygienic and comfortable.

All these materials have been shipped Via Pagwa River to the care of Revillon Freres.

The navigation conditions of this year have been most favorable. We hope that all the freight will reach destination in good condition and due time.

Actually sixteen Brothers are occupied floating logs down stream of the Albany river. Six thousand logs and frame pieces have been cut this past winter.

As soon as temperature permit the saw-mill will be rebuilt and the cement work started.

As the hospital accommodation now existing at the old site answers the purpose, Doctor B.H. Hamilton suggests that the building of the hospital wing at the new site be postponed to next year. He prefers that we carry on the building of the school. We fully agree with his decision.

The Department may rest assure that we will carry on the building work as rapidly as possible.

Yours truly,

Dear Sir,

R2

I am pleased to inform you that a considerable amount of work has been done last summer, at the Albany Residential School.

After the breaking of the ice, during the early days of June, sixteen Brothers helped by Indians, have been occupied at rebuilding the steam saw-mill which, after one month, was in operation. Subsequently, the concrete foundation of the school has been laid. Five thousand logs have been brought to the Mission by water-way, the frame of the new building sawed, and a large quantity of boards dried and planed.

Chief  
Dm  
AM

The Principal of the School, Reverend Father Bilodeau O.M.I. was expecting to put up the frame, a lining of boards outside, and to saw the shingle for the roof this fall.

The total amount of building supplies and parts of machinery bought this year is \$4177.30; freight charges for transportation of same are \$1120.37. The total of expenses is \$5297.67. In order to cover part of the cost incurred this year, I would be very grateful to you if

Dear Sir:-

As requested, I am sending you the estimate of expenses for the building of the new Albany Residential School, during 1931.

After computing the next annual cost, I find that an appropriation of thirteen thousand would be very much appreciated in order to cover the following items:

- 1) Balance due for 1930
- 2) Cement for foundation of hospital wing.
- 3) Labor paid or to be paid to Indians in years 1930-1931.
- 4) Heating equipment and freight.
- 5) Fixtures for doors and windows, etc.

Total amount: \$ 13,000.00

I would be most grateful to the Department if such appropriation can be considered for next year.

Yours very sincerely,

Ottawa, December 15, 1930.

MEMO:

Mr. MacInnes.

The Roman Catholic Indian Residential School at Albany on James Bay has outlived its usefulness and the Oblate Order has agreed to erect a new building at a cost of approximately \$40,000.00, provided the Department will grant \$20,000.00 towards the undertaking. An amount of \$5,000.00 has been included in the main estimates for Indian education for the current fiscal year, 1930-1931, and it is proposed to place \$10,000.00 in the estimates for 1931-1932, and \$5,000.00 in the estimates for 1932-1933. Plans and specifications for the proposed building have been prepared by the Department architect, accommodation for 50 pupils being provided. The building is to be of frame construction on a concrete foundation and heated by a central unit. There will be modern plumbing, sewage disposal and electric light.

In view of the remote location of Albany it is considered advisable to have the building constructed on a day labour basis under the supervision of the church authorities, who are in a position to secure economic labour and can arrange the freighting of materials at minimum cost.

Dr. Scott wishes you to prepare a memorandum to council authorizing the Department to assist as indicated above.

THE SECRETARY  
Dept. of Indian Affairs  
Booth Building  
Ottawa, Ontario.

Dear Sir:

Note arrived yesterday from Albany that all the supply shipped by the Department from Pagwa to that point reached destination in good condition.

All the building materials, heating equipment, etc., bought for the Albany Residential school have also been received in good shape.

After my visit to the Albany Residential school, I will send a report stating the progress done in the building work. Further, in October, when applying for the departmental grant, I will support the application with receipts and labor returns in duplicate, giving also the total amount of expenditure for 1930 & 1931.

Up to date, all the accounts have been paid by the Order as agreed with the Department. But we will appreciate very much if the Department could favor us with an advance of \$5000.00 towards the future grant in order to cover part of the expenditure met with.

Hoping that this request will be agreeable to the Dept.,  
I remain,

Yours very truly,

Very Reverend Sir:

I have your letter of the 15th ultimo, with reference to the rebuilding of the Albany Indian Residential School and requesting an advance of \$5,000 towards the Department's grant for the purpose. At the present time, our full appropriation has not been voted by Parliament and it will be a week or two before funds are available. In the meantime, the Department is taking steps to secure the necessary authority for the payment. I presume that the cheque should be sent to you at 1201 Visitation Street, Montreal. If you want it directed to Moose Factory, please let me know without delay. I am sending a copy of this letter addressed to you at Montreal.

Memorandum:

HONOURABLE THOMAS G. MURPHY

The Indian Residential School referred to in the enclosed recommendation to Council was commenced by the Oblate Order in 1906, at Albany, on the James Bay. During the past few years, they have had 40 to 45 Indian children in residence. The work appears to be well established and of considerable usefulness to the Roman Catholic Indians on the Bay. The old buildings are no longer suitable and are badly located. A new site has been selected and there has been started a new main building, of frame construction, on a concrete foundation. Plans and specifications were prepared by the Department Architect, to provide for a central heating unit, modern plumbing, sewage disposal and electric light. Accommodation for 50 children is being provided.

The cost of the building will be at least \$40,000. The Department has been asked to make grants totalling one-half of the expenditure, and, last year, P. C. 86, dated January 15th, last, authorized a first grant of \$5,000. The work is being done on a day labour basis, under the supervision of the Church authorities. This year, construction is going forward rapidly - the Church expecting to spend at least \$20,000. Authority is required for the payment of a \$10,000 grant. The Church authorities will submit receipts showing an expenditure of at least twice this amount this year.

Certified to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by The Deputy of His Excellency the Governor General on the 15th January, 1931.

The Committee of the Privy Council have had before them a report, dated 10th January, 1931, from the Superintendent General of Indian Affairs, submitting that the Roman Catholic Indian Residential School building at Albany on James Bay, in the Province of Ontario, has fallen into disrepair, and is no longer suitable for use. The Oblate Order is erecting a new school building, and the Department of Indian Affairs has undertaken to contribute towards the cost thereof.

An amount of \$5,000 was provided by Parliament for this purpose for the current fiscal year.

Plans and specification for the proposed building have been prepared by the Architect of the Department. Accommodation for fifty pupils is provided.

The building is to be of frame construction, on a concrete foundation, and heated by a central unit. There will be modern plumbing, sewage disposal and electric light.

In view of the remote location of Albany, it is considered advisable to have the building constructed on a day labour basis under the supervision of the church authorities, who are in a position to secure economic labour and can arrange the freighting of materials at minimum cost.

The Honourable

The Superintendent General of Indian Affairs.

Dear Sir:-

The OBLATE FATHERS, Visitation St., Montreal, are informing me that a cheque for \$ 5000.00 has been addressed to them by the Department, which amount is graciously granted to the Albany Residential School.

Sir, Accept my best thanks for this most appreciated co-operation and benevolent help towards us.

About the middle of December two qualified Brothers are to leave Montreal for Albany with the intention of working to the heating and electrical plants.

At the Albany Residential School the work is carried on during the winter, activities being connected with the inside of the building.

Yours very truly,

Dear Sir:-  
Following our conversation on the electrical plant to be had for the Albany Residential School, I am glad to be able to inform you now that two hundred lamps are to be used in the new school and the adjacent buildings, namely, in the missionaries house, the carpenter shop, the saw-mill and the barns.  
Of course, not more than the third of the above mentioned number is to be on at the same time.  
As you were anticipating yourself the five Kilowatt generator should give complete satisfaction.  
Thanking you for the interest to take in the matter,

I remain.

Yours very sincerely,

Gentlemen:

In two or three weeks, there will be shipped to you at Winnipeg, freight prepaid, the generating plant and batteries, which were supplied by your company in 1928, for installation at the St. George's Indian Residential School, Lytton, B. C. The Department would be grateful if you would examine the equipment and batteries and give an estimate of the cost of putting the whole in good condition. It is desired to ship this plant, on or about June first, to the Albany Indian Residential School, on James Bay, provided it can be reconditioned at a moderate cost. When your estimate has been received, the Department will give further instructions.

Your obedient servant,

*A. F. MacKenzie*

Ottawa, February 3, 1932.

Reverend Sir:

The Department wishes to use the electric generating plant and batteries which you now have surplus to requirements at the St. George's Indian Residential School. Will you please arrange to have this equipment properly crated and shipped to the Lister-Brunston Company, Winnipeg. Please prepay the freight. The batteries will have to be very carefully packed and crated, or the transportation company will not accept them for shipment. Any work in this connection, that cannot be done by the school carpenter, will be paid for by the Department, upon receipt of the usual voucher. You should also send an account to the Department enclosing the freight receipt. Please let the Department know when shipment has been made.

Dear Sir:-

In reply to your letter of the 3rd  
February, reference 44-2-5.

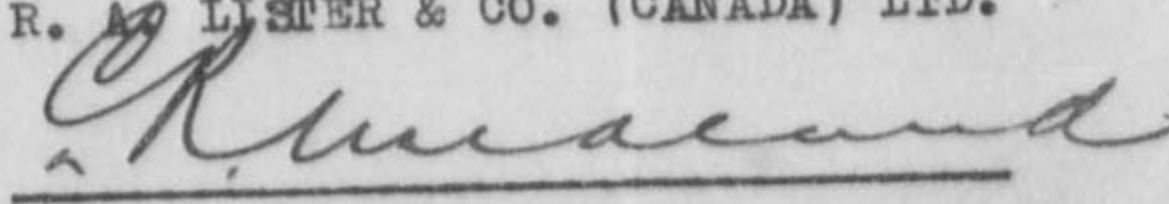

Immediately upon receipt of your Plant,  
we will have it very carefully looked over and will  
give you an estimate for putting the whole Plant in  
good condition.

If you have been using the battery con-  
stantly since 1928, it might be an advantage to you  
to send a new set of batteries out with the engine.  
However, upon receipt they will be thoroughly tested,  
and we will make our recommendations with our estimate.

Gentlemen:

I have your letter of the 6th instant, relative to the generating plant and batteries which are to be forwarded to you from the St. George's Indian Residential School, Lytton, B.C., for examination and an estimate of the cost of putting the old plant in good condition.

In reply I now have to inform you that the generating plant only will be forwarded - the batteries to remain at Lytton. I would request that you examine the generating plant and give an estimate of the cost of putting it in good condition, also an estimate of the cost of supplying new batteries.

Dear Sir, ... re engines ...

Yours (No. 44-2-5-) dated 3rd February  
re crating and shipping engines, to hand.

It is impossible for us to ship these engines at the present time. In the first place, we are obliged to use the big engine for laundry work as there is no provision made for motors to handle the laundry. Secondly, it is evident that the Spencer plant is in a very poor state of repair and at the present time they are unable to generate enough electricity to handle both this School and the town of Lytton. This fact was discovered only after the line was installed; hence at the moment we are obliged to use our engines to give us light, as heretofore, and until the necessary repairs are made to this generating plant, we shall be obliged to hold our engines in case emergency arises.

Just as soon as we are able to relieve ourselves of the engines, I will inform the Department to this effect, but, at the present time, we cannot do without them.

*Estimate*  
I trust you will find this explanation satisfactory. - You might from your end bring pressure to bear upon the Spencer Company in hurrying them with their repairs, and also to obtain from them a guarantee of regular service.

Yours very obediently,

Rev. Sir:

I have your letter of the 8th instant, regarding the electric generating plant and batteries at the St. George's Indian Residential School.

In this connection it is noted that the plant from which the school will obtain power is unable at the present time to supply both the school and the town of Lytton, and that you will require to use the plant at the school for a further period. I shall be pleased if you will give the Department as close an estimate as possible of the date when you will be able to dispense with the use of the generating plant and ship same as requested in letter of the 3rd instant. You might take this matter up with the power company and ascertain from them definitely when they will be able to supply a continuous quantity of power for use at your school and can guarantee a regular service.

Dear Sir, ... re Electric Generating Plant ...

Yours No. 44-2-5 dated 13th February.

I have been in touch with Colonel Spencer and he feels that within a month's time they will be able to supply the School regularly and without fail so that we shall be able to ship the engines to Winnipeg at that time.

I had not contemplated having to ship the engines as I felt I could not spend the money to change the motors, as it will be necessary, with electrical power, to have a motor installed on each of the machines in the laundry. The School cannot, at this time, meet that expenditure, and I wish you could see what provision could be made in regard to financing this change.

1807 memo  
2/20/45

I have written to the laundry people in Vancouver and have held off answering your correspondence hoping that I should have some definite price on this change to forward to you. But to date I have not received same and I felt you would be waiting for some information on the matter.

Colonel Spencer is also taking up the matter of the possible change of the motors with the Company direct in Vancouver, and the delay, no doubt, is due to the fact that they are obliged to get their information direct from the factory in the East.

I should be glad if you could see your way clear to finance this change in the laundry when we can, without hesitation, ship the engines.

Yours very obediently,  
A.R. LETT

Rev. Sir:

I have your letter of the 3rd instant, informing the Department that the St. George's Indian Residential School will be able to obtain the supply of power required in approximately a month's time. It is noted that, with electrical power, it will be necessary to have a motor installed on each of the machines in the laundry. You might advise the Department of the type and full particulars of the motors required. When we have this information, consideration will be given to authorizing the supplying of the equipment required in the operation of the laundry machinery.

Dear Sir:-

The equipment shipped by Mr. A.R.Lett, Principal of the St. George's Indian Residential School at Lytton, B.C., arrived June 1st.

It will be necessary for you to advise us just what you require in the way of repairs. The apparatus seems to have been designed for the parallel operation of a 3 and 6 Kilowatt generator set. Will you please let us know if you want them turned out to operate in the same manner, or if you require each set to work automatically, separately, or each to be manually controlled.

The plants themselves will require considerable overhauling. There appears to have been a deposit in the water which has placed a coating on all the circulating water parts, of from 1/8" to 1/4". The water tanks require renewing, and most of the piping will have to be renewed. The valves can be cleaned up.

However, if you will give us the information asked for, we will be able to submit a price by return mail.

Sir,-

Replying to your letter of the 3rd instant, with reference to the lighting plant shipped you by the Reverend Principal of the St. George's Indian Residential School at Iyten, I would ask you to advise me of the cost of putting this plant in perfect working order.

It is desired that the two generators work in parallel and be fully automatic. A new battery will, of course, also be required.

In submitting the cost of the repairs I would ask that you kindly make it out in detail giving as much information as possible. As soon as this information is received you will be further advised.

Dear Sir:-

*Key would like  
a wire*

In reply to your letter of the 9th June, we advise that we have carefully examined the shipment received from the Rev. Principal of the St. George's Indian Residential School at Lytton, B.C., and below we give you an estimate of what we think would require to be renewed, and the work in connection therewith to put the Plant in first class operating condition.

In regard to the price, which you may consider high, we would like to point out that the Plant has been run using water which scaled very badly, destroying the circulating line and heavily coating the inside of the cylinders. This will, of course, take considerable time to fix up, and we believe the fittings, pipe and connections should be destroyed. Also, the tanks are useless to send out on new work. They are rotted at the water line so badly that one can make a hole with their finger, without injury to the finger. Also, whoever took down the Plant, disconnected the boards, all the small piping, bus wires, which will take a long time for reassembling.

The 6 K.W. Plant will require:-

- 2 - Exhaust Valves
- 2 - Air Valves
- 2 - Air Valve Guides

Gentlemen:

I have your letter of the 13th instant, reporting on the examination made by you of the lighting plant which you received from the Principal of St. George's Indian Residential School, Lytton, B.C., and giving an estimate of the repairs required in order to put the plant in first class operating condition, also quoting on new batteries.

In reply I beg to confirm the following telegram of yesterday's date:

3✓ "Your price four hundred and ninety dollars accepted parts and work required lighting plant shipped from Lytton School also all additional work required as listed and type W five - eighty ampere hour battery. Plant to be tested and in perfect working order before shipment. Will write you full shipping instructions."

You will please see that this plant is in perfect working order before shipment. When the work is completed, I have to request that you will have this plant and the batteries securely crated and shipped by freight, charges prepaid, addressed to Rev. A. R. Bilodeau, O.M.I., Roman Catholic Indian Residential School, Albany, Via Temiskaming & Northern Ontario Railway to Moosonee, Ont.

After the work as authorized by the above telegram has been carried out and shipment made, please forward an itemized account, in triplicate, covering the cost of the repairs and additional parts required, also batteries, together with a receipt attached covering the amount of prepaid freight charges, when payment will be made.

Your obedient servant,

*A. F. MacKenzie*

Rev. Sir:

Relative to the electric lighting plant for use at the new Albany R. C. Indian Residential School, I have to inform you that the Department is arranging with R. A. Lister & Co. (Canada) Limited, Winnipeg, to thoroughly overhaul, repair and place in good condition the plant which was surplus to requirements at the St. George's Indian Residential School, Lytton, B.C., at a cost of \$597. They will also forward a complete set of new batteries at a cost of \$405. As soon as the repairs have been completed, this firm has been requested to make shipment, freight charges prepaid, addressed to

Rev. A. R. Bilodeau, O.M.I.,  
R. C. Indian Residential School,  
Albany (Via Temiskaming &  
Northern Ontario Railway to  
Moosonee, Ont.)

I shall be pleased if you will inform the Principal of the School accordingly and arrange with him to accept delivery of this equipment and have it transported to Albany.

Your obedient servant,

*A. F. Mackenzie*  
A. F. Mackenzie,  
Secretary.

Dear Sir:-

We are pleased to acknowledge receipt of your telegram of the 20th June, reading as follows:-

"YOUR PRICE FOUR HUNDRED AND NINETY DOLLARS ACCEPTED PARTS AND WORK REQUIRED LIGHTING PLANT SHIPPED FROM LYPTON SCHOOL ALSO ALL ADDITIONAL WORK REQUIRED AS LISTED AND TYPE W FIVE EIGHTY AMPERE HOUR BATTERY STOP PLANT TO BE TESTED AND IN PERFECT WORKING ORDER BEFORE SHIPMENT STOP WILL WRITE YOU FULL SHIPPING INSTRUCTIONS"

and in reply to advise that we are starting work forthwith, and will do everything possible to turn out a real good job for you.

To make doubly sure that everything will be right, we will arrange with one of the electrical concerns to inspect the equipment independently, and give us a letter to the effect that it has been inspected, unless you would prefer to have your people, or some of the engineers from the Department of National Defence, make an inspection.

Any way pleasing to you will suit us, as we are only interested in turning out the equipment so that it

Dear Sir:-

We are pleased to acknowledge your letter of the 21st June, and have noted instructions contained therein.

Immediately upon completion of this work we will have the plant and batteries securely crated and shipped by freight, charges prepaid, addressed,

Rev. A. R. Bilodeau, O.M.I.,  
Roman Catholic Indian Residential School,  
Albany, Via Temiskaming & Northern  
Ont. Railway to Moosonee, Ont.

*fully charged*  
We would appreciate some further information as regards the journey from the Railroad. It would be a convenience to the user to have the battery shipped fully charged. If, however, there is much of an overland trip to make, it would be advisable to ship the batteries dry and the acid in containers.

Before arranging for shipment of the batteries, we will await further information from you.

Yours very truly,

R. A. LISTER & CO. (CANADA) LTD.

Dear Sir:-

I have, this morning, received a bill for \$219.85 covering pre-paid freight on engines shipped to Lister Bruston Co., Canada, at Winnipeg. As the local station was unable to weigh this shipment, we were obliged to await returns from Winnipeg. I have asked the local man to submit bills in triplicate direct to you for payment, as, it being the end of the quarter, our bank account is not at it's best, and if it is possible for this to be paid direct, it would probably help matters out on this end.

Thanking you in advance.

Yours very obediently,

Gentlemen:

I have your letters of the 21st and 24th instant, regarding the lighting plant which you are repairing and placing in good, serviceable condition, to be shipped to the Roman Catholic Indian Residential School, Albany, Ont. It will be satisfactory, when the repairs are completed, if you will have one of the electrical concerns inspect the equipment and forward their report. I would request that the battery be shipped fully charged, as, when this equipment arrives at Moosonee, it will go forward by boat to Albany. As requested in our letter of the 21st instant, you should have this plant and battery securely crated and shipped by freight to the address as mentioned in said letter.

Thanking you for the attention you have given the matter,

Your obedient servant,

Reverend Sir:

I wish to refer to my letter of the 21st instant, concerning the electric lighting plant which will be shipped in the near future to the Albany Indian Residential School. The battery is being fully charged and it is desirable that it be handled carefully when it reaches Moosonee and that it be put into service as soon as possible. The Department expects shipment will be made from Winnipeg in approximately ten days' time.

Dear Sir:-

The S.S. Fort Churchill, a Hudson's Bay Co. boat will be leaving for a first trip to Albany the 14th. of July and will go again for the second and last time the 24th. of July. This is the itinerary for this season for the West side of the Bay.

I hope that the Lister Machine which is being shipped to Albany will be at Moose Factory terminal for 24th. of July, so that the machine could reach destination this year.

I would be pleased if you could give orders so that the shipment be made at the proper date.

Dear Sir:-

In reply to your letter of the 7th July,  
re Parallel Operation Lister Lighting Plants.

Your letter to the effect that the last  
boat of the season would leave on the 24th July, came  
as a surprise as we advised earlier in the year that  
July and August are the busiest months we have, and as  
the Plants came in so late our men were more or less  
tied up with elevator equipment. However, they were  
working on the plant when your letter was received,  
and we immediately put on a night crew, with the result  
that it will be leaving here complete tomorrow, July  
16th, and the Canadian National Railway officials  
promise that it will be taken East on the 16th, and will  
be in Moosonee in plenty of time to catch the boat.  
Later, we will give you the car number.

We have taken special pains in regard to  
getting this plant in good operating condition, and  
have to the best of our knowledge, renewed all the  
parts requiring renewing, and have put in additional  
supplies to those mentioned in our list.

We have set the plant, complete with switch-  
board up in our warehouse, and have had both engines  
functioning satisfactorily. All the controls are work-  
ing satisfactorily, and we are packing the switchboard

set up, in a heavy case, so that your men should have no difficulty in assembling when the plant reaches it's destination.

We have also had the engineers from the Electric Motor Sales Limited, one of the most reliable group of electricians we have in Winnipeg, bring their instruments and check over the set up and the operation of the plant. We carried an overload of 1300 watt, and under the overload everything worked satisfactorily. We are obtaining from them, a written opinion.

We hope that our efforts in connection with this plant will meet with your approval, and that the installation when effected, will give no trouble.

Yours very truly,

Dear Sirs:

We have inspected, and tested your 3K.W., and 6 K.W. Gas driven Generators, and find this apparatus all working in first class condition, including Batteries, and all automatic equipment, starting from no load, and coming up to full load, and working for thirty minutes under a 15% overload, without any signs of heating, or trouble of any nature, and the entire equipment to all appearances in first class condition.

Yours truly,

The SECRETARY  
Department of Indian Affairs  
Booth Building - Ottawa

Dear Sir:-

Since three years the late Superintendent of Education used to ask for the returns of the expenses at the Albany new-residential School for the middle of October. It was then also that the appropriation for the coming year was discussed with him in order that he could present his budget to the council of ministers.

I regret to say that this year I cannot be in Ottawa for that time, but I expect to be there about the end of the month.

It may come useful to you to have some informations in that connection previous to that date. The expenditure for this past year have been close to \$12000.00. The certified accounts will be rendered by the detail when I visit your Department.

It would be very much appreciated if another grant could be given for the coming year, the school not being completed. If agreeable to the Department, could we contemplate the possibility of being granted another \$10000.00? We expect that from this year on we could manage the establishment without any special help.

Yours very sincerely,

Moosonee, James Bay, Ontario.  
Le 2 décembre, 1932.

Monsieur le Docteur McGill, député-ministre  
Département des Affaires Indiennes  
Appartements Booth  
Ottawa - Ontario.

Cher Monsieur:

Etant au courant de votre connaissance de la langue française, je me permets de vous écrire en français. J'ose croire que vous me pardonneriez facilement cette liberté.

Ainsi que je vous l'ai promis tout dernièrement lorsque je vous visitai au Département, vous trouverez sous même pli quelques photographies de la nouvelle école indienne d'Albany, James Bay, Ontario. Ces photos vous donneront une idée du travail déjà fait en attendant que vous puissiez en juger par vous-même, puisque nous aurons l'honneur et le plaisir d'avoir votre visite l'été prochain. Je dirai en passant qu'il puisse se faire qu'il me soit possible de vous conduire moi-même à Albany: cela toutefois si vous n'avez aucun autre arrangement dans le temps.

Le but de cette lettre est de vous mettre au courant de notre difficulté financière. Ce sont des doléances que vous devez entendre bien souvent depuis que vous êtes entré au Département, mais cela ne doit pas, il me semble, me retenir de vous exposer notre embarras. La construction de cette école est d'une grande importance puisque c'est la seule école indienne pensionnat de toute la Côte-Ouest. Les Indiens de Weenisk, Openagow, Attawapiskat y envoient leurs enfants, soit d'une distance de 300 milles. Il nous en arrive parfois de Fort-Hope, d'Ogoki.

C'est à travers mille difficultés que nous construisons à cause de la distance et des circonstances de lieu où nous nous trouvons, car il nous faut aller chercher les matériaux à une grande distance. Il y a actuellement 12 Frères Coadjuteurs attachés à cette mission, et occupés à la construction.

Nous avons installé une scierie mécanique à vapeur pour préparer le bois nécessaire à cet établissement, mais malheureusement cette scierie a été incendiée en 1928. Nous avons dû la remplacer par une autre qui actuellement nous rend de grands services et diminue considérablement le coût de la construction. Cet incendie cependant nous a considérablement retardé dans la marche des travaux.

Le corps central de l'école est actuellement habité. Le système de chauffage qui consiste en une irradiation de vapeur à basse pression est actuellement en fonction. L'électricité est aussi installée.

Cette école pourra recevoir 100 enfants quand elle sera terminée. Elle coûtera approximativement \$125,000.00.

Après entente verbale avec le regretté B.T. Ferrier, surintendant des Ecoles indiennes la moitié des dépenses devaient être fournies par le Département. Quinze milles dollars nous ont déjà été payés. Dix milles dollars nous vaient été promis pour l'année dernière, mais cette appropriation a été retranchée. Me fiant à cette somme que j'étais dans la certitude de recevoir, parce que je n'ai jamais été notifié de l'octroi de celle-ci, j'ai acheté tout le matériel pour poursuivre les travaux et rendre l'école habitable. Les dépenses se chiffrent à près de 12000.00 cette année à au-delà de 12000.00 pour l'année dernière.

Il m'a fallu emprunter cette somme que je n'ai pu rembourser à cause de la dépression actuelle. Vous concevrez vous-même que les secours advenant de la charité sont presque totalement taris.

Cependant, il nous faut continuer le travail commencé, parce que, en discontinuant, une foule de matériaux seraient perdus. Mais nous ne pouvons aller plus loin sans secours, parce que avec l'allocation accordée à l'école nous permet tout juste de vivre avec la plus grande économie. Le personnel de l'école est nombreux et il faut le soutenir. Tous nos missionnaires sont sans aucun salaire, ni rétribution. Nous sommes heureux de faire notre part dans cette oeuvre de civilisation, mais, vous le comprenez, il nous faut le soutien de la vie.

Nous donnons notre entière coopération au Département pour cette école et nous espérons que le secours nécessaire ne nous sera pas refusé. Je le sais, votre Département est lié par la crise actuelle et il vous est difficile de répondre à toutes les demandes et à tous les besoins; toutefois me serait-il permis d'attirer votre attention sur mon grand embarras financier.

Il me faudrait acheter certains matériaux qui seront transportés l'été prochain, mais dans les circonstances je n'ose le faire. Je passerai au Département vers la fin de mars et je vous communiquerai plus de précisions sur ce dernier point.

Je souhaite que vous puissiez trouver quelques milliers de Dollars, comme vous le désirez vous-même, pour nous aider à solder une partie de la dette.

J'aime à croire que ces quelques renseignements vous seront utiles et vous mettront au courant de notre situation.

Je vous remercie d'avance de ce que vous ferez pour nous et veuillez me croire, Monsieur le Docteur,

Votre tout dévoué,

Doctor McGill, Deputy Minister,  
Department of Indian Affairs,  
Booth Bldg., Ottawa, Ontario.

Dear Sir:-

Being aware of your knowledge of the French language, I take the liberty of writing in French, I dare hope you will pardon me that liberty.

As I promised you sometime ago when I visited you at the Department, you will find under cover a few photographs of the new Indian School at Albany, James Bay, Ontario. These photographs will give you an idea of the work already done, until you can judge it by yourself, since we will have the honour and the pleasure of your visit next Summer. I may say that it might be possible for me to take you myself to Albany; that is if you have no other engagement at the time.

The object of this letter is to inform you of our financial difficulties. These are complaints you must hear quite often since your arrival at the Department, but that must not, it seems to me, prevent my explanation of our embarrassing situation. The construction of that school is of great importance since it is the only Indian Boarding School of the whole West Coast. The Indians of Weenisk, Openagow, Attawapiskat send their children there, being at a distance of 300 miles. We sometimes receive pupils from Fort Hope and Ogoki.

It is through a thousand difficulties that we build on account of the distance and the circumstances of our location, because we have to get our material from a considerable distance. There are at present 12 co-adjutor brothers attached to this Mission, and busy with the construction.

We had installed a steam lumber saw mill to prepare the necessary timber for that building, but unfortunately that saw mill was burnt down in 1928. We had to replace it by another which at present renders us great services and diminishes the cost of the construction. That fire has, however, delayed the course of the work considerably.

The central part of the school is now fit to dwell in. The heating system which consists of low pressure steam radiation is now functioning. Electricity is also installed.

This school could receive 100 children when it is completed. It will cost approximately \$125,000.00.

After a verbal agreement with the regretted Mr. R. T. Ferrier, late Superintendent of Indian Schools, one half of the expenditure was to be provided by the Department. We have already been paid fifteen thousand dollars. Ten Thousand dollars was promised to us for last year, but that appropriation was cancelled. Relying on this sum, which I was certain to receive because I was never notified it had been cut off, I purchased all the material to continue the work and render the school habitable. The expenditure will amount to about \$12,000.00 this year and more than that for last year.

I had to borrow that sum and I could not reimburse it on account of the present depression. You will concieve for yourself that the relief coming from charitable sources are almost totally exhausted.

Nevertheless, we must continue the work started, because if it was discontinued, a number of materials would be lost. But we cannot go any farther without help, because the grant given to the school allows us barely a living with the strictest economy. The staff of the school is numerous and we have to sustain it. All my Missionaries are without salaries or remuneration. We are happy to do our part in this task of civilization, but you will understand, our livelihood is to be sustained.

We give our entire co-operation to the Department for this school and we hope that the necessary help will not be refused. I know that your Department is bound by the present crisis and it is difficult to answer to all the requests and all needs; however, may I be permitted to draw your attention on my great financial perplexity.

I would have to purchase certain material which will be brought over next Summer, but under the circumstances I dare not do it. I shall be at the Department at the end of March next and I will communicate with you more precisely on that last point.

I wish that you may find a few thousand of dollars as you wish it yourself, to help us to settle a portion of the debt.

I like to believe that this information will be useful to you, and will acquaint you with our situation.

I thank you in advance for what you may do for us and believe me, Dear Doctor.

Yours devotedly  
(Sgd.) T. E. Saindon, O.M.I.,

Dear Father Saindon:

I have your letter of the 2nd instant, requesting further assistance towards the cost of the erection of the new Indian Residential School at Albany.

The Department was unable to obtain any appropriation during the present fiscal year to reimburse you for the expenditure incurred. Before our books close for this fiscal year, at the end of March, next, there may be a balance on hand from which an additional payment can be made. However, I can give no definite assurance in this regard. Our Estimates for the next fiscal year are in course of preparation, and favourable consideration will be given to including an item towards the cost of constructing the building and its furnishing.

Dept. of Ind. Affairs  
Booth Bldg.  
Ottawa - Ontario.

Dear Sir:-

The Session is opening in a few weeks and it is about the time that appropriations are voted for different Departments. As it is not probable that I will be given the occasion of passing in Ottawa before that time I have thought advisable to send you the estimate of expenditures for the coming financial year at the Albany Residential School. To complete the School it would be very much appreciated if an appropriation of \$10000.00 could be granted. Following material is to be bought:

- 1.- Fire protection is to be secured, the equipment consists in fire escape (stairs), a small motor with a pump and hoses.
- 2.- As only country lumber is had and such wood is not suitable for inside finishing it is desirable that the interior is completed with some other material. We intend to buy 50000 feet of Giproco.
- 3.- The electrical and heating plants have to be completed.
- 4.- Nails, glass, paint, etc..... are to be needed.
- 5.- Furnitures are also badly wanted as classroom desks, teachers' desks, chairs, blackboards and other articles.
- 6.- Indian labour will be required.
- 7.- Freight for this supply has to be figured.

It is expected that the yearly expenditure shall amount to approximately \$12000.00.

The late R.T Ferrier had promised to grant the amount of 35000 dollars for the building of the Albany School. Fifteen thousand have already been paid. Twenty thousand are still to be paid on the material bought. Money has been borrowed at the rate of six per cent.

An allowance of \$10000.00 had been expected for the past financial year, but owing to circumstances the appropriation was not voted.

We would be very grateful to the Department if \$20000.00 is granted this year. We think that if such allowance is granted we will not need any further help.

The construction has begun in 1928, but owing to great difficulties the work could not be done in less time than we have done it. We are very anxious to see the establishment completed. We already have demand for more children than we can receive at the present time. When

the school is completed 100 children could be put up easily.  
If I bring stress on the subject of the grant you will easily  
understand it is on account of the hard times we all have to pass through.  
We tried to economize as much as it was possible. All the work has  
for the greatest part been done by the Brothers who do not touch any re-  
muneration.

When the building is completed we expect that the Department will  
be pleased with it, because it is built according to regulations and on  
a modern plan approved by the Department.

Ottawa, February 1, 1933.

Rev. Sir:

I have your letter of the 16th ultimo, requesting that provision be made in our Estimates for the coming fiscal year for a further grant towards the cost of the erection of the new Indian residential school at Albany, and giving an estimate of the cost of completing the building and furnishing same.

In reply I have to say that it was necessary to cut our Estimates severely, and I regret that it was not found possible to provide any further grant to assist towards the cost of the building. Owing to the present financial situation, it may be necessary to give serious consideration to a curtailment of our Indian school work.

Your obedient servant,

Memorandum:

Dr. McGill

With reference to the request of Rev. Father Saindon, O. M. I., Vicar Provincial of the Oblate Order, for a further grant towards the cost of the construction of the Albany R. C. Indian Residential School, I would say:-

The Oblate Order agreed to erect a new school building during the years 1930 and 1931, at a cost of approximately \$40,000, provided the Department would grant \$20,000 towards the undertaking.

An amount of \$5,000 was included in the Main Estimates for Indian Education for the fiscal year 1930-31 and a further amount of \$10,000 was included in the Estimates for 1931-32. It was also intended to place \$5,000 in the Estimates for 1932-33, but this amount was not provided. The total amount we have paid towards the cost of the building is, therefore, \$15,000. This was paid as follows:

\$5,000 under authority of P.C. 86, dated January 15, 1931,  
10,000 " " " " 2502, " October 13, 1931.

Besides, we supplied the school with an electric lighting plant, which was transferred as being surplus to requirements at the St. George's Indian Residential School, Lytton, B. C. The cost of freighting and repairing this plant was \$1,397.66.

The building was erected on plans and specifications prepared by the Department Architect. The building is of frame construction, on a concrete foundation, and heated by a central unit. There is modern plumbing, sewage disposal, and electric light. In view of the remote location of Albany, it was considered advisable to have the building constructed on a day labour basis, under the supervision of the church authorities, who were in a position to secure economical labour and arrange the freighting of materials at a minimum cost. It was found that the cost of the building exceeded the original estimate, and the church authorities have expended approximately \$60,000. I am not aware of the definite cost in the erection of the

- building.

building. This information does not appear on our files.  
There is accommodation for 100 children.

During the past two years, Father Saindon has made repeated requests for a further grant to the amount of \$10,000 towards the cost of construction. There is no doubt that the Department promised the church authorities that this further amount would be provided. This amount was included in the first draft of our Estimates for Indian Education during the past two fiscal years but was not allowed.

MEMORANDUM

The Honourable the Superintendent

I enclose a memorandum from Mr. Sutherland with regard to contribution by the Department towards the cost of the construction of the Albany R.C. Indian residential school.

From a recent conversation with Reverend Father Saindon I acquired the impression that his request was for grants sufficient to make a total of \$35,000.00. As is evident from the memorandum we are definitely obligated to the extent of at least \$20,000.00. As \$15,000.00 has already been paid, I would recommend that the sum of at least \$5,000.00 be included in the Estimates for the coming year for a further grant to this extent.

Memorandum:

Dr. MCGILL

With reference to the request of Rev. Father Saindon, O. M. I., Vicar Provincial of the Oblate Order, for a further grant towards the cost of the construction of the Albany R. C. Indian Residential School, I would say:-

The Oblate Order agreed to erect a new school building during the years 1930 and 1931, at a cost of approximately \$40,000, provided the Department would grant \$20,000 towards the undertaking.

An amount of \$5,000 was included in the Main Estimates for Indian Education for the fiscal year 1930-31 and a further amount of \$10,000 was included in the Estimates for 1931-32. It was also intended to place \$5,000 in the Estimates for 1932-33, but this amount was not provided. The total amount we have paid towards the cost of the building is, therefore, \$15,000. This was paid as follows:

\$5,000 under authority of P.C. 86, dated January 15, 1931,  
10,000 " " " " 2502, " October 13, 1931.

Besides, we supplied the school with an electric lighting plant, which was transferred as being surplus to requirements at the St. George's Indian Residential School, Lytton, B. C. The cost of freighting and repairing this plant was \$1,397.66.

The building was erected on plans and specifications prepared by the Department Architect. The building is of frame construction, on a concrete foundation, and heated by a central unit. There is modern plumbing, sewage disposal, and electric light. In view of the remote location of Albany, it was considered advisable to have the building constructed on a day labour basis, under the supervision of the church authorities, who were in a position to secure economical labour and arrange the freighting of materials at a minimum cost. It was found that the cost of the building exceeded the original estimate, and the church authorities have expended approximately \$60,000. I am not aware of the definite cost in the erection of the

- building.

building. This information does not appear on our files.  
There is accommodation for 100 children.

During the past two years, Father Saindon has made repeated requests for a further grant to the amount of \$10,000 towards the cost of construction. There is no doubt that the Department promised the church authorities that this further amount would be provided. This amount was included in the first draft of our Estimates for Indian Education during the past two fiscal years but was not allowed.

*Noted*

The Honourable the Superintendent General -

I enclose a memorandum from Mr. Sutherland with regard to contribution by the Department towards the cost of the construction of the Albany R.C. Indian residential school.

From a recent conversation with Reverend Father Saindon I acquired the impression that his request was for grants sufficient to make a total of \$35,000.00. As is evident from the memorandum we are definitely obligated to the extent of at least \$20,000.00. As \$15,000.00 has already been paid, I would recommend that the sum of at least \$5,000.00 be included in the Estimates for the coming year for a further grant to this extent.

Mr. J. D. Sutherland  
Department of Indian Affairs,

Dear Sir,

While in Albany I inspected the R.C. Res. School building and classes.

The building is far from finished, it is still in a rough state both inside and out. The stairs are temporary and the two fire escapes are temporary and built of wood, I would advise the fire escapes be changed at once.

There are two class-rooms with a teacher in charge of each. The present class rooms are small but I believe these are to be moved to other rooms when they are completed. The pupils are divided into four grades the two senior grades in one room and the juniors in the other.

I consider that the children in the respective grades are doing fairly well and are being taught to speak and write English as well as Cree. The children are well advanced in Arithmetic, Reading, Writing and Spelling they read from sight and not from memory.

The greatest fault I find is that the children will not speak out, and that you have difficulty getting them to answer questions although they know the answer, this is a common fault with all the Indians in this Agency and seems to be due to their shyness.

Yours truly,

APR 9 1934

Dear Sir,

The Principal of the Albany Residential School in a report of the construction of the school is stressing that the activities should be resumed at that point, this coming Summer, and that necessary improvements should be made.

He is, in the same time, requisiting a certain quantity of building materials such as wall paper, nails, glass, electrical equipment, boiler tubes, radiators, fire escapes, etc.

The above mentioned articles are most necessary. In fact, the school would require an outside lining to strenghten the frame, the floors are single and need doubling to prevent the dampness to come up from the cellar; the ceilings are only temporary, storm windows should also be had, hot water system would also be most appreciated, at least, in some appartments.

Report of the conditions at the Albany Residential School was made to the Oblate Board and a grant to carry on the work was asked, but the answer of the Board is the following: "We have financed the construction as far as 1932 when \$10,000 were contributed with the understanding that the Department would reimburse that amount, which has not yet been done and the money is tied up without interest. We are ready to co-operate to the limit of our abilities and to carry the heaviest part of the burden, but we regret to say that, owing to present economic circumstances, we cannot go any farther."

I had hoped that through the strictest economy we could squeeze a few hundred dollars on the regular allocations to carry on the work during this coming Summer, but the crops were spoiled by early frosts, the fishing, due to the early coming of the winter, also failed. Consequently, expenses are running higher than it had been expected and no credit balance shall be left.

I am honestly at a lost about the means which should be taken to go ahead with the construction which really needs being carried on.

It would be deeply appreciated by the Oblate Fathers that the \$10,000 would be reimbursed. The co-operation of the Department to carry on the necessary improvements would be also highly appraised.

The aforesaid improvements would amount to appromatively \$3,000.

This is the present situation which I have thought of my duty to bring to your attention, trusting that it is only by the mutual co-operation of both parties that a betterment can be contemplated for the coming year at the Albany Residential School.

Yours sincerely,

His Excellency

The Governor General in Council,-

The undersigned has the honour to refer to Orders of Your Excellency in Council, P.C. 86, dated the 15th of January, 1931, and P.C. 2502, dated the 13th of October, 1931 - copies of which are attached hereto - authorizing payment to the total amount of \$15,000.00 by the Department of Indian Affairs towards the cost of construction of a Roman Catholic Indian Residential School, conducted under the auspices of the Oblate Order, at Albany, on James Bay, in the province of Ontario.

The building, of frame construction, on a concrete foundation, was erected during the years 1930 and 1931. It is heated by a central unit, has modern plumbing and sewage disposal and electric light systems.

Plans and specifications for the building were prepared by the Architect of the Department. Accommodation for one hundred pupils is provided.

In view of the remote location of Albany, it was considered advisable to have the building constructed on a day labour basis, under the supervision of the Oblate Order, who were in a position to secure economic labour and arrange for freighting of materials at minimum cost.

The Oblate Order expended, approximately, the sum of \$60,000.00 in carrying out the work and have been reimbursed by the Department to the amount of \$15,000.00, as authorized by Orders in Council above mentioned.

The authorities of the Oblate Order have made repeated requests for further remuneration towards the expenditure incurred by them in the construction of the building.

As final payment of the Department's obligation, the sum of \$5,000.00 is provided in the Estimates for Indian Education for the fiscal year 1934-35.

The undersigned accordingly has the honour to recommend that authority be granted for the expenditure of the said sum of \$5,000.00 for the purpose above mentioned.

Attention: Mr. J. D. Sutherland

Dear Sirs,

Our Mr. P. S. Snarr has advised us that we should send to you a statement of the invoices outstanding for goods shipped to the various stations, and we enclose same herewith.

We trust that this information will enable you to have the goods passed for early payment.

Yours very truly,

Ottawa, November 16, 1934.

Gentlemen:

I have your letter of the 14th instant, enclosing statement of the invoices outstanding, for goods shipped to the various stations mentioned.

In reply I have to say that the account covering the refills shipped to M. S. Todd, Indian Agent, Alert Bay, B. C., amounting to \$16.70, is now in order for payment, and a cheque will be forwarded in due course.

Regarding the invoices for the supplies forwarded to Dr. Bourget, Indian Agent, Fort Resolution, and to the Albany Residential School, Moosehide, and the C. E. Indian Residential School, Slave Lake, Alberta, it is presumed that you forwarded accounts, in triplicate, with receipts for freight charges prepaid, at the time shipment was made. We are requesting each of the above to certify these accounts and return them to the Department at the earliest possible date. When they are received, duly receipted as requested, payment will be made.

*J.D.*  
I regret the delay in payment of these accounts, and I am inclined to believe that, in some cases, when making shipment, you do not forward the receipt for freight charges prepaid.

Your obedient servant,

*J. D. Sutherland*  
J. D. Sutherland,  
Acting Supt. of Indian Education.

Ottawa, November 16, 1934.

Reverend Sir:

In May, last, the Department placed an order with the Pyrene Manufacturing Company of Canada, Limited, Toronto, to ship, addressed to you, Moosonee, Ont., six fire extinguishers for use at the Albany Indian Residential School. The above firm were requested to forward to you the account, in triplicate, covering the cost, with receipt attached for the amount of the freight charges paid by them.

In your letter dated June 5th, you acknowledged receipt of the extinguishers. I would request, if you have the accounts, that you will receipt each copy as follows: "Goods received - prices charged fair and just", and forward same to the Department, with receipt attached for freight charges prepaid, as soon as possible, in order that payment can be made to the above company.

Your obedient servant,

*A. F. MacKenzie*  
A. F. MacKenzie,  
Secretary.

Sir:-

With reference to your statement of outstanding accounts, I beg to say that cheques amounting respectively to \$98.50 and \$264.64 covering our orders Nos. 689 and 932 have been sent to you.

As stated in the Department's letter to you of the 16th November, the account for goods supplied to the Albany Residential School, Moosonee, our order No. 629, has not been received from the Principal. If, however, you will forward to the Department three copies of this account, together with prepaid shipping bill, a cheque in payment thereof will be sent you.

I may also point out that the item of \$52.70 presumably covers our order No. 1055 of the 20th December for goods shipped to the Cecelia Jeffrey Indian Residential School, and it is expected this account will be forwarded by the Indian Agent within a short time, duly certified for payment.

Your obedient servant,

A.F. MacKenzie

Dear Sir,

Enclosed, please find a statement of account for the services of a night watchman at the Fort Albany Boarding School. These services are regularly rendered, Rev. Father Bilodeau tells me; they were formerly paid regularly by the Department.

We would be very much obliged if this account were sent through to Ottawa and paid to the Provincial Bursar of "Les Missionnaires Oblats de Marie Immaculée", 1201 Visitation, Montreal.

Thanking you in advance,

OFFICE OF  
INDIAN AGENT

The Secretary,  
Department of Indian Affairs,  
Ottawa.

Dear Sir,

I received the enclosed letter from  
Father Belleau, claiming payment for services of a  
night watchman at the R.C. Res School Albany Ontario.

Will you please notify me if I am  
to make voucher out for this claim.

This is a large building and includes  
living quarters for the Sisters, it also includes the  
hospital. This building is heated by steam heat, and  
lighted by electricity. The hospital in this building  
receives an average of over \$500.00 per month for  
Patients. I consider that they must have a man on duty  
at night and there is no reason for an extra night-  
watchman.

Please advise.

Yours truly,

W.L. Tyrer  
Agent.

Dear Sir:

With reference to your letter of the 26th ultimo, the Department is prepared to allow a grant for a night watchman at the Albany Indian Residential School. As you are aware, grant is also allowed for a night watchman at the Moose Fort Residential School.

You may, therefore, submit a voucher in favour of the Principal for the grant for the night watchman's salary for the months of October, November and December, 1936, at \$35 a month. Grant at this rate for the night watchman's services will be continued until the end of April, next.

Yours truly,
